

## **Performance of the Institution Distinctive to Institute's Vision**

With a view to foster learning beyond classroom, the institution strives to create sensitivity among the students to respond towards the social needs of the society by involving themselves in community development and extension programmes. Distinctive to the institutions vision which strives to be institution of highest repute and produce good educated citizens who shall strive to cater the needs of mankind the institute has undertaken wide range of community development extension programmes. The involvement & participation of the students in responding to the community developmental needs, it has instilled the values of self reliance, discipline, timely response to need based concerns, develop a sense of responsibility, integrity, moral values, ethics, love & respect to humans & above all servitude.
